PHASA would like to provide the following information and suggestions to visiting hunters to facilitate the importing and exporting of Firearms through JHB International.

1. There are three (3) different options available for obtaining the Temporary Importation Permits:

1. Yourself as client and foreign hunter:

Should you wish to make the application yourself:

Complete the temporary firearm import permit application (**SAP520**) in advance if possible and bring it with you. The SAP520 can be completed on arrival at the SAPS Firearm Office. NB! It is important to note that the form must be completed in **black ink** and must remain **unsigned** (**only if you are going to obtain the permit at the airport yourself!**) until the document is finalized in front of the police official issuing the actual permit at the airport. Your hunting outfitter should be able to assist you with a copy of the SAP520 form, or you can download a copy on the PHASA website.

The following documentation has to accompany this application:

Valid passport
Return Airline ticket
Letter of Invitation from your Hunting Outfitter(s)
Proof of Ownership
Proof of export from country of origin

2. Via your Hunting Outfitter:

Should you require your **Outfitter** to obtain the temporary import permit prior to your arrival please ensure you provide him all the necessary documentation. (Please refer to number 3 (a) – (f) for necessary documentation).

3. Through PHASA. (recommended)

We render this service at a cost of \$110 USD (incl. VAT) per application. Payment can be made by credit card on submission of the completed application. Please contact us on :

admin@phasa.co.za

Please note: PHASA does not accept any money orders.

PHASA recommends that where possible the actual temporary import permits is obtained prior to your arrival. When you make use of our service and your application(s) are successful, your Temporary Importation Permits will be available for collection at the SAPS Office on arrival at Johannesburg International Airport.

Should you wish **PHASA** to obtain the temporary import permit prior to your arrival, please send the following certified/notarized documentation to the PHASA Office by registered mail or courier to reach the PHASA Office **at least 25 days prior to your arrival in the RSA.**

See last page for contact details. Please note that these documents have to be couriered or posted to us, as no fax or email copies will be accepted.

a. A SAP520 form – completed in black ink

Complete page 2 – E – Natural person's details
Complete page 4 – G – Import/Export details
Complete page 5 – I – Details of firearms and ammunition
Complete page 6 – J – Signature of applicant or

Complete page 8 – N – Signature of nominee/authorized person. [Client should give an **original written** mandate (appointment letter) for this **only if they are not filling in the SAP520 themselves and want PHASA to complete the form**].

b. Notarized copy of passport

c. Copy of airline tickets or itinerary

d. Notarized copy of proof of export

This is proof that your firearms have been legally exported from your country of residence. If your country does not have an official export permit the SAPS require a letter from a government agency of your country of residence stating this. For USA citizens the 4457 form is acceptable.

e. Notarized copy of firearm licences.

The SAPS realizes that some countries, eg. the US do not issue gun licenses. In this event the USA form 4457 is acceptable for USA citizens.

US Citizens: contact your nearest airport to obtain the form 4457. It gets issued by the Dept. of Homeland Security U.S. Customs and Border Protection before departure.

UK Citizens: only need the UK Firearm and/or Shotgun Certificate for point (d) and (e) above

f. Original Invitation letter of Hunting Outfitter to include:

Letter to be on Outfitter's official letterhead -
Name of person being invited;
Duration of the hunter's stay;
PH's details – name, surname, licence number and the province he is licenced in;
Hunting Outfitter Details – same as above;
The physical address(s) and telephone number(s) of the farm(s) where the hunt(s) will take place;
Type of animals being hunted eg. big game, birdshooting etc.;
The recommended calibres required for hunt(s);
State that firearms will only be used for hunting purposes on mentioned properties;
Date and signature of Outfitter.

Important information:

The following firearms and ammunition will not be allowed to enter South Africa:

- Any automatic or semi-automatic firearms,
- More than one firearm per calibre per person,
- More than 200 rounds of ammunition per person per firearm,
- Any pistol or revolver. **(Unless specified for hunting)**

Please submit your firearms and ammunition in two separate lockable cases, but NOT in checked baggage, on check in to and from the RSA.

Reasons why your application will not be approved:

- If you have any of the abovementioned firearms and/or ammunition,
- If any of the supporting documents as required in # 3 (a) – (f) cannot be produced,
- If you are less than 21 years of age,

Your application for a temporary import permit will be refused and your firearms and ammunition will be confiscated and will only be handed back to you when you depart back to your country of residence.

Please take note that only the Central Firearm Registrar in Pretoria, South Africa can authorize special applications for the above restrictions. These applications have to be made in advance and must reach them not later than 3 (three) weeks before arrival. You will need a special motivation letter for this. Please contact the PHASA office for more info and assistance.

3. BE WARNED!!

Should a firearm not be declared and a temporary import permit not issued, and you proceed through customs without declaring a firearm, you will face severe penalties and possible arrest on departure from South Africa.

Also, please ensure that your firearms arrive on the same flight as you do. This must be done with the airline company on departure. **Your firearm/s may only be signed for by you and will not be released to your outfitter or professional hunter should it arrive on a separate flight.** In this case, the firearm/s will be held by the SAPS until such time as you claim ownership **in person**.

The temporary import permit serves as your firearm licence in South Africa and enables you to buy ammunition in South Africa for the calibres noted on the permit.

At all times while you are in possession of your firearms, you must have the temporary import permit on your person.
